# INSPIRATION LIGHTING TO ENHANCE EVERY ROOM!

**N**OW, the magic of light is yours to command! With Inspiration-Lighting, a wonderful adventure awaits you, whether you're remodeling, redecorating, or building a new home.

Lighting is today's newest decorative art, though down through the ages, light itself has been one of our most precious gifts from nature, closely entwined with our emotions and moods. Functional, decorative Inspiration-Lighting promotes health, comfort and poise, as well as creating moods of warm hospitality, intimacy or gaiety.

## VERSATILE LIGHT DIVIDES A ROOM

Two adjustable pole lights flanking a chest create a cozy dining and game area, accentuate beauty of tiled floor and beamed ceiling. Pull-down over table raises or lowers for general or concentrated light.

## DECORATIVE LIGHT ENHANCES PROVINCIAL DECOR

Charming Tole pull-downs at either end of sofa add beauty and balance, provide adjustable reading light. Recessed ceiling light illuminates coffee table. Lovely chandelier lends grace to entrance hall.

**A. SL-996-7 Pull-down** in smartest contemporary design. Chic black perforated metal shade with matte finish. White ceramic glass diffuser with clear glass circle lines. Rich satin brass trim. Diameter, 16"; pulls down from 18" to 48". Recommended: two 60-watt. Finish: Satin Brass and Black.

**SL-996-8** Same as SL-996-7, except shade is tone white.

**B. SL-970 Pull-down** with gracefully curving shade of satin brass, rimmed with circle perforations in a decorative design. These perforations create entrancing light patterns when fixture is lighted. Ideally suited for contemporary or modern rooms. White bent glass diffuser sheds soft downward light. Natural wood and satin brass pull handle. Turn switch. Diameter, 14"; pulls down from 21" to 52". Recommended: two 60-watt. Finish: Satin Brass.

**C. SL-994-1 Pull-down** distinguished by glittering gold-crystal ice design on white ceramic glass diffuser. (Companion piece to SL-986.) Softly gleaming satin brass shade. Walnut and satin brass pull handle. Turn switch. Diameter, 16"; pulls down from 18" to 48". Recommended: two 60-watt. Finish: Satin Brass.

**SL-994-3** Same as SL-994-1, except beading is white crystal ice. Finish: Satin Nickel.

**D. SL-960 Pull-down** in the finest contemporary mood. All-purpose pull-down that can be used singly or in pairs. Ideal on both sides of bed or sofa as reading light. Flaring handsome black shade topped with circle of perforations creates flattering light pattern. White ceramic diffuser with clear glass dots. Satin brass pull and trim. On/off switch. Diameter, 13"; pulls down from 18" to 48". Recommended: two 60-watt. Finish: Satin Brass and Black.

**E. SL-981-2 Pull-down** in charming colonial lantern design that gives a "casual" look to dining areas or recreation rooms. Raise or lower this gleaming beauty simply by pulling the wood knob. Satin finish copper shade over a frosted chimney. Pulls down from 23" to 56". Shade diameter, 14". 3-way switch. Recommended: one 30-70-100-watt. Finish: Satin Copper.

**SL-981-1** Same as SL-981-2, except shade is Satin Brass.

**F. SL-1599 Brass ceiling track** moves any pull-down or cord-hung fixture back and forth 6 feet. Ideal for use over dining tables, desks or as reading lamp along side lounge chair. Permanently connected to ceiling outlet. Includes brass cord weights, splicing urn, mounting screws. Finish: Polished Brass. (Fixture shown not included.)

**A. M-1536** Stunning simplicity in an informal pull-down, enhanced by a touch of texture and brass. Pull it low for concentrated downlight on a dining table or conversation grouping, or use it higher for general illumination. Shade features rough-textured beige fabric — molded in translucent fiber glass for easy cleaning — accented by brass trim. On/off switch is conveniently located below graceful white ceramic glass diffuser. This fixture is 18" in diameter, adjustable 18" to 47". Recommended: two 60-watt. Finish: Polished Brass.

**B. M-1542** Authentic Tole design lends a beautiful blend of warmth and distinction to any traditional room. It's especially effective at the ends of a sofa, over a treasured table or provincial desk. Handsome 18" diameter shade in antique white, topped by a gleaming brass gallery, is accented with a repeated leaf design. Polished brass finials enhance top and bottom of center column; reel is authentically styled. Golden-banded white ceramic glass diffuser provides generous downlight; perforated top reflects light on ceiling in interesting patterns. Extends 24" to 52". Three-way switch. Recommended: four 60-watt. Finish: Polished Brass.

**C. M-1490** Star-lit charm for a dining room! This glamorous pull-down's attractively perforated shade emits tiny star-like glints of light and softly radiant downlight is doubly enhanced by rich golden beading on the white glass diffuser. Dramatically proportioned — full 20" in diameter. Adjusts 18" to 46". Recommended: three 60-watt. Finish: Polished Brass.

**D. M-1535** A gracious example of transitional styling at its best, it brings a special aura of charm to any living or dining room scene. Dignified antique white shade features a handsome brass gallery; sparkling amber-colored glass font serves as the pull; white glass diffuser concentrates light on a dining or end table, provides abundant light to make reading or games more enjoyable. Full 20" in diameter; adjusts 18" to 46½" from ceiling. Three-way switch. Recommended: three 60-watt. Finish: Polished Brass.

**E. M-1537** Imagine this light and airy contemporary pull-down as the principal highlight in your dining room . . . enhancing your most attractive table settings. Visualize its serene styling at the end of a sofa, over a table or desk in your living room — use high for illumination, pull lower when concentrated light is needed. Sweeping frost white fiber glass shade is 8" high, full 21" diameter; white ceramic bottom glass. Galleries and trim are polished brass. Pulls down from 16" to 46½". Three-way switch. Recommended: three 60-watt. Finish: Polished Brass.

**F. M-1579 Spiralite.** Exotic, exciting . . . Meant to dramatize a sleekly modern scene! This contemporary pull-down adds bright distinction to breakfast, dining, living and family rooms. Grooved polished brass shade with black horizontal disc trim; bent ceramic glass diffuser. On/off switch. 18" diameter. Adjusts 25" to 58". Recommended: three 60-watt. Finish: Polished Brass.

**G. M-1533** Strikingly traditional, its beautiful blend of antique white and polished brass enhances any setting, any color scheme — in kitchens, dining areas or breakfast nooks. Charming 16" galleried shade in antique white with formal, repeated design; reel matches shade in color and line; graceful, gleaming brass harp, font and fittings complete the effect. Hand-blown opal glass chimney provides glare-free light. Pulls down 25½" to 53" from ceiling. Three-way switch. Recommended: 30-70-100-watt. Finish: Polished Brass.

**H. M-1461** A beautiful blend of sophistication and simplicity in a striking pull-down that serves as a smartly modern "theme-setter" for any contemporary living, dining or family room. Smooth satin brass shade and trim are beautifully blended with lustrous opal glass. Diameter is 16". Adjusts 21" to 52". Recommended: one 100-watt. Finish: Satin Brass.

**I. M-1529-2** Gracefully modern, this contemporary fixture plays a dual role — brings "conversation-piece" emphasis to your room scheme, adds the ease of pull-down versatility. Simple radial design enhances both the shade and urn. Full 20" in diameter. Shade, urn, reel and canopy finished in polished copper; white ceramic glass diffuser. Adjustable 19" to 48", for reading or general use. Three-way switch. Recommended: four 60-watt. Finish: Polished Copper.

**M-1529-1** Same design as M-1529-2. Finish: Polished Brass.

**J. M-1429 Cordette.** Definitely dramatic, in breakfast, dining, living, family or recreation room. Distinctive, textured shade of plastic-bonded, natural-colored whirl cord. Easily cleaned. When lit, translucent shade is dramatized by attractively defined, cord-ribbed shadow effect. White bottom glass assures glareless light. Full 20" diameter. Adjusts 19" to 47". Three-way switch. Recommended: three 60-watt. Finish: Polished Brass.

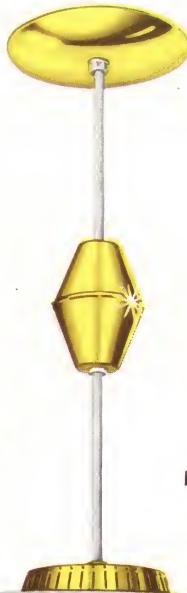

# PULL-DOWNS

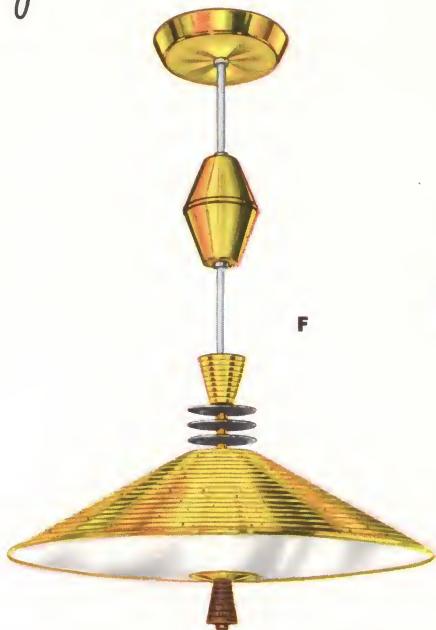

for comfortable family living

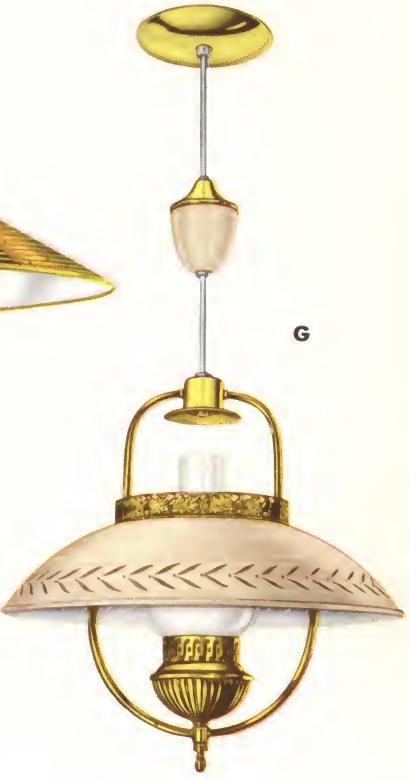

D

E

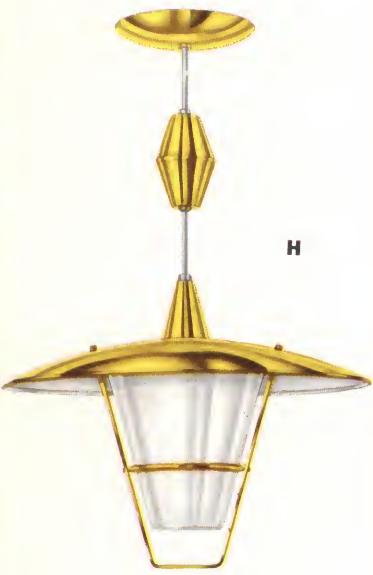

F

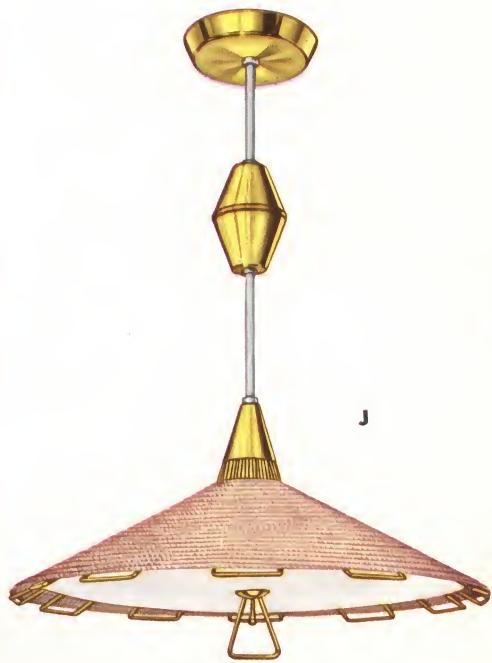

G

I

H

J

**A. SL-983** Chandelier of colonial design of striking white accented by touches of sparkling brass. Soft light from the beautifully curved frosted white glass shades with prettily scalloped, flaring edges, adds a note of early American hospitality to dining. The five arms are gracefully held by a swirl design stem of blown milk glass and the gleaming brass chain. Overall length 28½". (May be shortened to 11½" by removing links.) Over-all spread 15½". Recommended: Up to five 60-watt. Finish: Tone White with Brass Trim.

**B. SL-979-12** Colonial chain hung chandelier with a flaring scalloped shade. For that touch of gracious living. Shapely hand blown opal glass globe is fastened by a broad band of brass perforated with two rows of square windows through which light peeks out in interesting patterns. Scalloped antique brass shade. Over-all length 27" with full chain. Recommended: one 100-watt. Finish: Antique Brass.

**SL-979-1** Same as SL-979-12, except shade is Satin Brass.

**SL-979-2** Same as SL-979-12, except shade is Satin Copper.

**C. SL-980-1** Colonial chain hung lantern with soft satin brass shade cradles over a frosted glass chimney. Adds a note of charm to any casual room. Wood pull accents the perforated gallery. Over-all length 33" with full chain. Shade diameter 14". Recommended: One 100-watt. Finish: Satin Brass.

**SL-980-2** Same as SL-980-1 except shade is Satin Copper.

**D. M-1270** Colonial charm in a five-light chandelier for period or transitional dining rooms. Warmth of walnut, polished brass, lustrous opal glass. Informal, yet generously sized, its lighting turns table settings into sparkling delights. Diameter, 22"; length, 23". Recommended: up to five 60-watt lamps. Finish: Polished Brass.

**E. M-1560** Enhanced by the elegance of etched glass, beautifully wrought "Sheaves of Wheat" pattern lends enduring charm. Just right for the traditional touch in smaller dining areas or entrance halls. Crystal clear panels with attractively curved, polished beveled edges, each panel has cut design. Spread, 18"; length without chain, 16½"; length adjusts to 44½" with chain. Recommended: six 25 or 40-watt clear flame lamps. Finish: Polished Brass.

**F. M-1462** Modern splendor of lustrous light in a cage of gleaming brass! Extremely light and graceful, fixture brings a blend of dramatic distinction and serene simplicity to dining, family or recreation rooms. Hand-blown optic opal glass, centered in cage of polished brass wire. Diameter, 18½"; height, 10½"; length adjustable to 72". Recommended: One 100-watt.

**G. M-1555** Take a delightful "brandy snifter" design, add the elegance of cut glass, the warmth of walnut wood, a rich accent of polished brass — and you have one of our finest formal-transitional chandeliers. Highly decorative for dining area. Spread, 24"; length, 36". Recommended: five 25 or 40-watt clear flame lamps. Finish: Natural Wood and Polished Brass.

**H. M-1265** Beautiful simplicity in the Williamsburg manner. The hand-blown opal glass chimneys (beautifully touched with fired-on golden bands), the gleaming brass sphere, arms and trim, the graceful warmth of its walnut center column — all combine to imbue your home with distinction. Use it to impart new beauty to a dining room, family room, spacious entry or high ceiled bedrooms. Spread, 23"; length, 34½". Recommended: up to five 60-watt lamps. Finish: Polished Brass.

## PENDANTS AND SPREADER KITS

**A. M-1417** Natural cord, brass accent. Especially appealing when used where decor features rough fabrics. 11½" long; 7" in diameter. Adjusts to 72" over-all. On/off switch. Recommended: one 60-watt. Finish: Polished Brass.

**B. M-1466** Lovely opal glass enhanced by a touch of brass. Beautiful with tinted bulbs. Use singly or in a row. 12¼" long; 5½" diameter. Adjusts to 72" over-all. Recommended: one 40-watt. Finish: Polished Brass.

**C. M-1450** Stunning contemporary design enhanced by charming cocoa finish and horizontal lines. Beautifully effective when used in a group. Hand-blown opal glass shades; 11" long, 7¼" diameter. Adjusts to 72" over-all. Recommended: one 60-watt. Finish: Polished Brass.

**D. SL-1440** Opal glass cluster of striking sculptured contemporary design. Fashioned of hand blown opal glass topped by satin brass cone shaped holders with slotted perforations that cast an interesting circle design when fixture is lighted. Highly decorative cluster blends with any color scheme, can grace any room decor, adds romantic charm to any setting. Each cone 10" x 4½", adjustable to 54". Over-all spread 14" with brass spreader bar in place. Recommended: three 60-watt. Finish: Satin Brass.

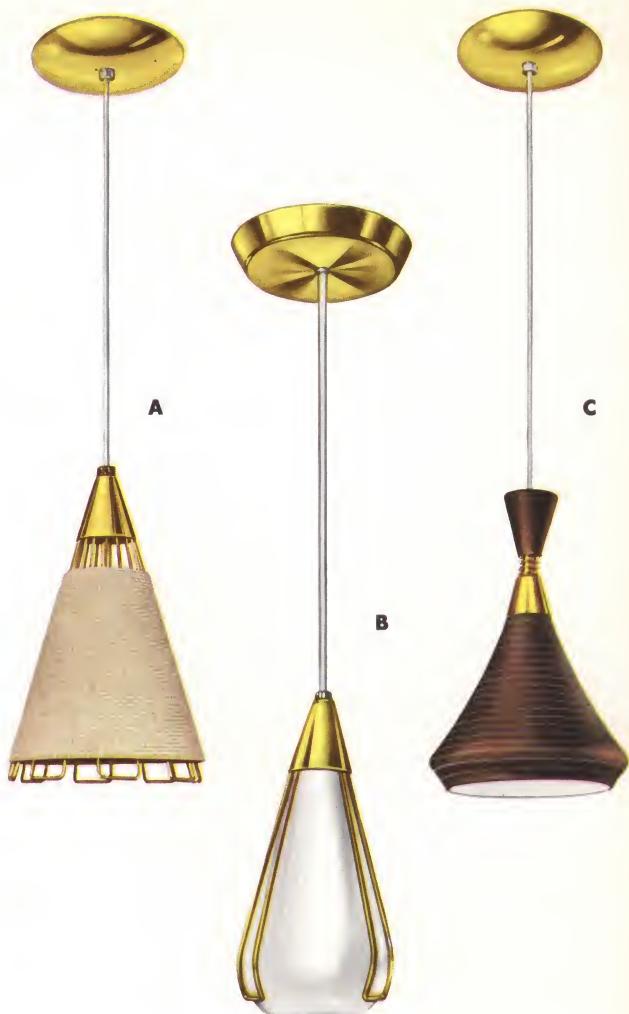

**E. M-1517** Exquisite in every setting, used singly or in pairs. Graceful cylinder of hand-blown satin opal glass; 15" long; 4¼" diameter. Adjusts to 66" over-all. Recommended: one 60-watt. Finish: Polished Brass.

**F. M-1572** Smartly sophisticated styling in brass, amazingly versatile for accent effects. Use singly or in groups. Diameter, 5". Adjusts to 72" over-all. Recommended: one 60-watt. Finish: Polished Brass.

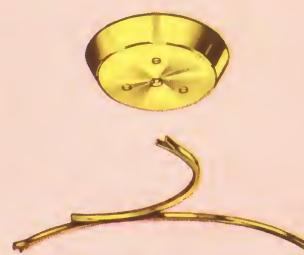

**G. M-1414** Walnut-and-Brass Spreader Kit. Converts three single pendants into "three-in-line" cluster. Smaller insert, above main spreader, adds interest, heightens effectiveness of the unit. Includes polished brass canopy, two walnut spreaders, easy-to-follow instructions. Over-all spread, 31".

**H. M-1412** Appealing "Triangular" Polished Brass Spreader Kit. Converts three single pendants into a smart multi-level cluster fixture. Highly effective above a smaller table or any concentrated area. Consists of polished brass canopy and spreader insert, easy-assembly instructions. Over-all spread, 13".

**I. M-1413** Attractive "Three-in-Line" Polished Brass Spreader Kit. Creates a three-light cluster with a light and airy contemporary feeling. Especially suitable for pendants with smaller diameters. Consists of polished brass canopy and spreader insert, complete instructions. Over-all spread, 22".

USE THESE SPREADER KITS TO CREATE YOUR OWN CLUSTERS

**M-6450 Moe Light All-Level Dimmer (Incandescent or Fluorescent).** Gives any desired degree of brightness. Auto-transformer type, not a resistor; uses only the current needed. Smooth, flickerless, silent, cool, safe, economical. Controls up to nine rapid-start 40-watt fluorescent lamps or any number of incandescent lamps up to total of 450 watts. For 120-volt, 60-cycle A.C. only. Housing size: 5½" x 6¼" x 3¾". Face Plate: 6½" x 7¼"; clear, with decorator panel dark-colored on one side, light on other. Built-in automatic reset circuit breaker.

**M-6250 Moe Light 4-Step Incandescent Dimmer.** Gives four degrees of brightness—10%, 35%, 70% or 100% of maximum light output. Controls incandescent lamps only, up to 250 watts. For 120-volt, 60-cycle A.C. only. Housing Size: 4¼" x 3½" x 3¾" deep. Ivory Face Plate: 5½" x 5⅓".

**M-6252 Moe Light 4-Step Fluorescent Dimmer.** Gives four degrees of brightness—25%, 50%, 75% or 100% of maximum light output. Controls up to five 40-watt fluorescent tubes. For 120-volt, 60-cycle A.C. only. Housing Size: 4¼" x 3½" x 3¾" deep. Ivory Face Plate: 5½" x 5⅓".

#### USE THESE IDEAS — OR YOUR OWN — WITH MOE LIGHT SPREADER KITS

Use the M-1414 Walnut-and-Brass Spreader Kit to create striking clusters with three identical pendants — or achieve delightfully original effects by mixing pendants. Let them highlight a cocktail or game table, a bar or corner conversation arrangement.

- A Three-of-a-kind arrangement, hung equal length.**
- B Mixed combination, at varying levels.**
- C Matched pendants, hung diagonally.**

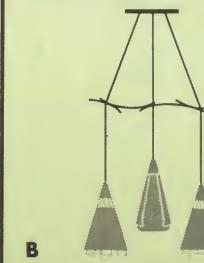

Achieve fascinating combinations with the M-1412 "Triangular" Spreader Kit. With this unit you can hang pendants at various levels, creating a close-together cluster with unusual appeal. Use it as a striking accent fixture for any smaller area or surface.

- A Mixed arrangement, at various levels.**
- B Identical pendants in good arrangement.**
- C Three brass pendants in tri-level plan.**

You have unlimited possibilities with the M-1413 Spreader Kit — especially with brass or brass-accented pendants. Place at the end of a sofa, close to a furniture group, above a sideboard or dining table.

- A Three of the same pendant model, hung equally.**
- B Texture and brass mixture, with middle unit highest.**
- C Off-balance arrangement lends interest to mixed groups.**

**A. M-1561** An etched design in the bevel-edged clear-cut glass adds an extra touch of elegance to this creation. Over-all length, 33½" with chain; 15½" without; 12½" square. Recommended: two 25 to 40-watt flame lamps. Finish: Polished Brass.

**B. M-1186** Employs edge-lighting to show off golden and white sunburst design of clear glass halo. Perforated shade. Diameter, 18"; height, 11". Recommended: one 150-watt. Finish: Polished Brass.

**C. M-1566** With its delightful note of Eastern charm, this smartly styled chain-hung fixture adds enchantment to a hall or small dining area or use two over a larger dining table or buffet. Perforated shade has a 12" diameter, opal glass casts softly diffused light. Over-all length, 23". Recommended: one 100-watt. Finish: White and Polished Brass.

**D. M-841** Traditional design in frosted and clear cut glass, accented with slotted brass bands. Over-all length with chain, 40". Also can be mounted without chain. Recommended: one 60-watt. Finish: Polished Brass.

**E. SL-986** Smartly styled to add a decorator's touch where a close-to-ceiling fixture is needed. Diffuser has glittering gold ice design on white ceramic glass. Tone white shade. Diameter, 16"; depth 5½". Recommended: two 60-watt. Finish: White and Brass.

**F. SL-977** Stunning contemporary design in fashionable "white." Flaring white metal shade overhangs to reflect light downward. White ceramic glass diffuser has an interesting pattern of clear white dots and is accented by a "touch of color" with a brass bottom knob. Canopy is white. Over-all diameter, 13"; depth, 5". Recommended: two 60-watt. Finish: White with Brass Knob.

**G. M-1423 Cordette.** Unusual "Whirl-Cord" fixture gives rooms smart new look. Mount it with open end up or down. Height, 12"; extends 8½". On/off switch. Recommended: one 60-watt. Finish: Polished Brass.

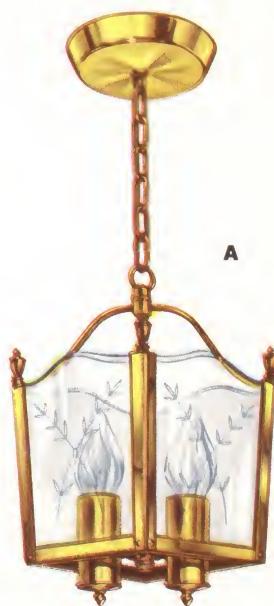

**H. M-1170** A touch of quaint traditional charm in a trim bracket. Hand blown opal glass chimney. Width, 7"; height, 8"; extends 8½". Recommended: one 60-watt. Finish: Polished Brass.

**I. M-1553** Canopy, 6"; extends 6¾"; height, 10½". On/off switch. Recommended: one 25 or 40-watt clear flame lamp. Finish: Polished Brass.

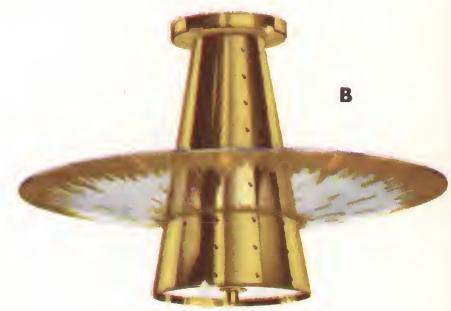

**J. SL-396** Beautiful wall bracket with glittering crystal bead fabric-type design on white bent glass. Use singly or in pairs for striking decorative effect in hallways, bedrooms. Height 7½"; width, 4½"; extends 4½". Turn switch. Recommended: one 60-watt. Finish: Polished Brass.

**K. M-1167** Decorative wall bracket light equally useful in bedroom, hall, dining room or bath. Golden-beaded, white bent glass. Width, 5"; length, 12"; extends 4½". On/off switch. Recommended: one 60-watt. Finish: Polished Brass.

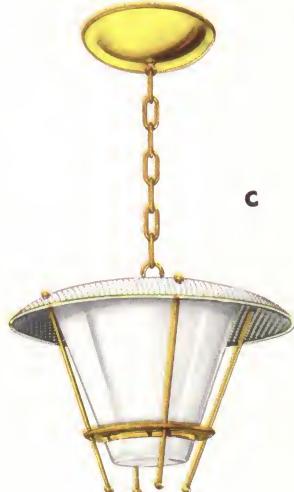

**L. M-1166** Interestingly shaped wall bracket; goes well in hall, dining or bathroom. Can be used horizontally or vertically. "Hour glass" ceramic bent glass shade with golden beading. Width, 6"; length, 17½". On/off switch. Recommended: two 40-watt. Finish: Polished Brass.

# BENT GLASS ceiling lights

**A. M-1424 Cordette.** Twice as appealing because it's portable! Decorative up or down. Enhances a wall, gives strong localized light over desk, piano, lounge chair, table or bed. Adjusts up and down 26", swings side to side. Cord for plug-in to any outlet. Three-way switch gives three levels of light. Shade 16" in diameter. Recommended: three 60-watt. Finish: Polished Brass.

**B. SL-347** Smart twin accent. Adjustable tone white fiber glass shades. Complete with 3-way switch. Use to accent planters and decorative arrangements, to brighten corners, stair areas. Over-all spread, 17 $\frac{3}{4}$ "; length, 8". Recommended: two 60-watt or 75-watt R-30. Finish: Satin Brass.

**C. SL-346** Contemporary accent light for use in halls, stairs, patio, family or recreation room. Adjustable shade of tone white fiber glass. Length, 8"; extends 8 $\frac{1}{2}$ ". Complete with on/off switch. Recommended: one 60-watt or 75-watt R-30. Finish: Satin Brass.

**D. SL-355** Same as SL-357 but with single cone. On/off switch.

**E. SL-357** A high style touch in bullet lights. Gleaming satin brass is a decorator's touch to the white fiber glass shade. Smartly accented by walnut knobs. Overall width, 17 $\frac{3}{4}$ "; extends 10 $\frac{3}{4}$ "; length, 11". 3-way switch. Recommended: two 60-watt or 75-watt R-30. Finish: Satin Brass.

**F. SL-316-1** Striking polished brass cone with decorative slot perforations around rim. Extremely popular as accent down light in a variety of applications in any room. Length, 7 $\frac{1}{2}$ "; diameter, 5 $\frac{1}{2}$ ". Recommended: one 40-watt.

**SL-316-3** Same as SL-316-1, except Polished Solid Aluminum. Ideal for outdoor use.

**G. M-1261-1** Perforated cone casts unusual light patterns on ceiling. Glass lens concentrates downlight on planters, small table settings. Length, 7 $\frac{1}{2}$ "; diameter, 5 $\frac{1}{2}$ ". Accommodates up to 40-watt. Finish: Polished Brass.

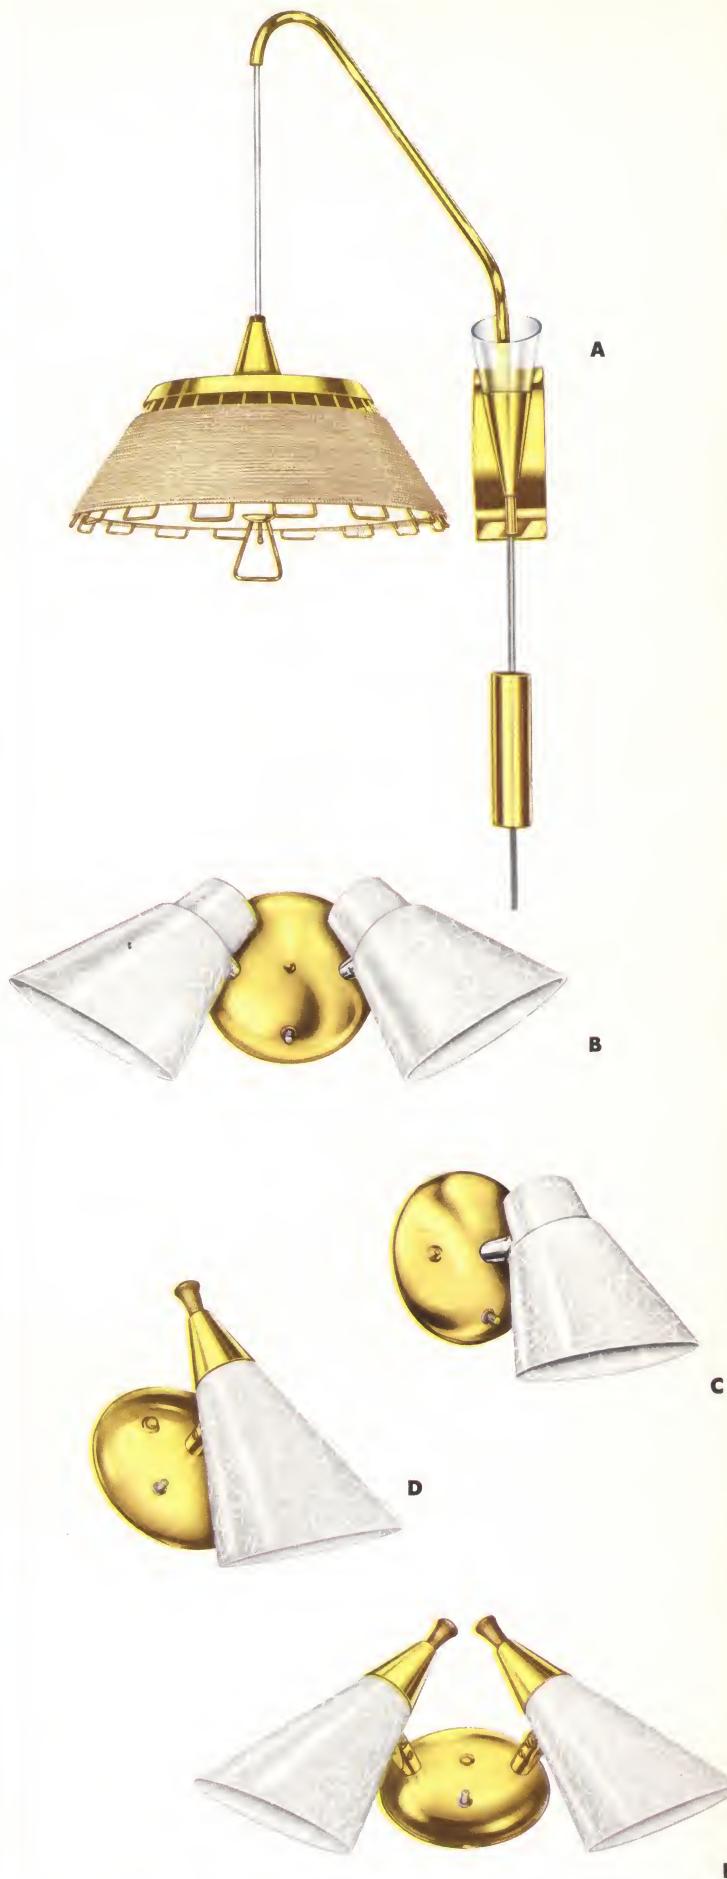

**M-1261-2** Same as M-1261-1. Finish: Polished Copper.

**H. M-1401** New decorator black adjustable plastic bullets give this pole light flair plus practicality. Adjusts to ceiling height 7'6" to 9'0". Comes with 9 feet of cord and plug for connection to any outlet. Each swivel cone 9 $\frac{1}{2}$ " long. Turn type switch on each shade. Each cone accommodates one 75-watt bulb. Finish: Polished Brass with Black Trim.

**I. M-1402 Cordette Pole Light.** Smart brass wire frame and black top accent the "Whirl-Cord" textured cones. Adjusts to ceiling height 7'6" to 9'0". Comes with 9 feet of cord and plug for connection to any outlet. Each cone 11 $\frac{1}{2}$ " long. Swivels up-down-sideways. Unit has 3-way switch. Each cone accommodates one 75-watt bulb. Finish: Polished Brass with Black Trim.

**J. M-1400 Spiraleite Pole Light.** Spiral-groove design brass perforated cones. Can adjust to any ceiling height from 7'6" to 9'0". Comes with 9 feet of cord and plug for connection to any outlet. Each cone 9" long, swivels up-down-sideways. Unit has 3-way switch. Each cone accommodates one 75-watt bulb. Finish: Polished Brass with Black Trim.

**K. M-1403** A rare new design introducing pull-down convenience to pole light portability. Ideal for apartment dwellers. Walnut arm suspends the textured plastic shade with bent glass diffuser over the walnut finished Formica top table. Adapts to any ceiling height from 7'6" to 9'0". Fixture adjustable 16" up and down. Complete with cord that plugs into any outlet. Shade 18" in diameter. Table 15" in diameter. Turn type switch. Recommended: two 60-watt. Finish: Polished Brass with Black Trim.

THOMAS INDUSTRIES INC.

**A. M-766** Install horizontally or vertically. Length, 17½"; width, 5¾"; extends 4½". Turn switch and convenience outlet. Recommended: two 40-watt. Finish: Chromium.

**B. M-767** White glass with sparkling crystal beads. Length, 12"; width, 5½"; extends, 4½". Turn switch and convenience outlet. Recommended: one 60-watt. Finish: Chromium.

**C. M-317** For over or alongside bathroom mirrors. White ribbed plastic. Length, 31"; height, 2¾"; extends 4¾". Toggle switch. Convenience outlet. 20-watt trigger-start fluorescent lamp. Finish: Chromium.

**A. SL-760** Distinctive transitional post lantern of pure white opal glass topped with gracefully scalloped black shade. Solid brass top ornament adds richness. Diameter, 12 $\frac{3}{4}$ "; height, 12 $\frac{1}{4}$ ". Fits any 3" outside diameter post. Recommended: one 100-watt. Finish: Black on Solid Aluminum with Solid Brass Trim.

**B. SL-783** Lifetime heavy gauge solid steel post with "grounded" weather-proof convenience outlet for power garden tools, rotisserie and Christmas tree lights. Overall length 84", diameter 3" to fit any 3" collar post lantern. Finish: black with 14" black ladder rest. (Order post and lantern separately.)

**C. SL-776** Lantern and post. Clear crystal glass, molded in fluted fashion, is topped by a handsome black shade sporting a polished solid brass knob. Fixture diameter, 12"; height, 8 $\frac{1}{2}$ ". Black steel post, 2" in diameter, 7' high. Recommended: One 100-watt. Finish: Black on solid aluminum fixture with solid brass trim; black steel post. Matches SL-750-7 and SL-718 wall lanterns.

**D. SL-775** Post lantern with white frosted chimney and clear glass panels set in neat black frame. Solid brass chimney holder and top knob. 10" square; 14 $\frac{1}{2}$ " high. Fits any 3" outside diameter post. Recommended: one 100-watt. Finish: Black on Solid Aluminum with Solid Brass.

**E. SL-782** New style "slim-line" post, 2" in diameter. Latest trend for enhancing the "tapered" look to post lanterns. Will fit any standard 3" lantern. Non-adjustable. Over-all length, 82". (Order post and lantern separately.) Black Steel Post.

**F. SL-785** Can be added to any existing or new post. Automatic light control "magic eye" collar turns post light on at dusk, off at dawn. Installs in minutes. 7 $\frac{1}{2}$ " high. Handles up to 200 watts. Made of durable extruded aluminum. Can also be turned off or on with wall switch. Electronic unit hermetically sealed.

**G. SL-730-1** Outdoor bracket in best contemporary design. Frosted glass, sleekly molded, ANODIZED brass finish holder. Handsome on porch, breezeway, carport, garage, patio. Length, 6"; width, 4"; extends 4". Recommended: one 60-watt. Finish: ANODIZED Brass on Solid Aluminum.

**SL-730-7** Same as SL-730-1, except Black on Solid Aluminum.

**H. SL-715-2** Clear fluted crystal glass wall bracket set in gleaming copper finish holder. Attractive in a pair flanking entrance; or indoors in recreation room or hallway. Canopy diameter, 4 $\frac{1}{2}$ "; length, 8"; extends 5". Recommended: one 60-watt. Finish: Copper on Rust-resistant Alloy.

**SL-715-7** Same as SL-715-2, but Black on Rust-resistant Alloy.

**I. SL-750-1** Ornamental brass finish outdoor wall lantern with gracefully fluted clear crystal globe. Over-all height, 11 $\frac{3}{8}$ "; width, 5 $\frac{1}{2}$ "; extends 5 $\frac{3}{4}$ ". Recommended: one 60-watt. Finish: Solid Aluminum with Anodized Brass Finish.

**SL-750-7** Same as SL-750-1, except finish is Black on Solid Aluminum with Solid Brass Knob.

**J. SL-300** Clear, molded in "fluted" design crystal glass ceiling light for porch, entryway or hallway. Diameter, 4 $\frac{1}{4}$ "; length, 6 $\frac{1}{4}$ ". Recommended: one 60-watt. Finish: Black on Rust-resistant Alloy.

**K. SL-734-7** Coach lantern with wall bracket, latest in lighting fashions. Crystal clear double strength glass panels set in smart black frame, with gleaming polished solid brass top and bottom knobs. Hinged roof for easy relamping. Distinctive at your doorway; smart indoors, too, in family or recreation room, dinette, bathroom. Height, 11"; extends 5 $\frac{3}{4}$ ". Recommended: one 60-watt. Finish: Black on Solid Aluminum, Polished Solid Brass Trim.

**SL-734-8** Same as SL-734-7, except white finish. Specially smart in bathrooms on sides of mirrors or as vanity lighting.

**L. SL-712-7** Hexagonal wall bracket is sparkling clear fluted crystal glass. Adds a note of elegance to doorways, porches, breezeways, decorative indoors in bathroom, recreation room, dinette. Height, 9 $\frac{1}{4}$ "; extends 6 $\frac{1}{4}$ ". Recommended: one 60-watt. Finish: Black with Polished Brass Trim on Rust-resistant Alloy.

**SL-712-14** Same as SL-712-7, but in Antique Solid Copper.

**M. SL-700-1** Contemporary wall bracket of sparkling crystal anti-glare prismatic glass. Handsome brass holder is topped with polished solid brass knob. So attractive you'll use it indoors for hallway or recreation room as well as outdoors flanking entrances. Length, 7"; extends, 6". Recommended: one 60-watt, Finish: Anodized Brass on Solid Aluminum, Solid Brass Trim.

**SL-700-7** Same as SL-700-1, but Black on Rust-resistant Alloy.

**N. SL-755-7** Modern wall light for entryway, patio. White frosted glass set in black aluminum, with solid brass accents. Height, 5 $\frac{1}{2}$ "; width, 8 $\frac{1}{2}$ "; extends 5". Recommended: one 60-watt. Finish: Black on Solid Aluminum with Solid Brass Trim.

**O. SL-755-3** Same as SL-755-7, except Anodized Aluminum Finish.

**P. SL-757** Black aluminum ceiling lantern with flat white glass panels, ideal for porch or breezeway or under eaves. Suitable also for hall or recreation room 8" square; 3 $\frac{3}{4}$ " deep. One 60-watt. Finish: Black on Solid Aluminum.

**SL-759** Same as SL-757, 9 $\frac{1}{4}$ " square; two 60-watt.

**Q. SL-772** Contemporary lantern. Smart white ribbed glass. Shade diameter 16"; height, 12 $\frac{1}{4}$ ". Recommended: one 100-watt. Finish: Black on Solid Aluminum with Polished Brass Trim.

**R. SL-774** Picturesque outdoor lantern. Clear glass panels in smart black frame topped with solid brass ornament. 8 $\frac{1}{2}$ " square; 12 $\frac{1}{2}$ " high. Fits any 3" outside diameter post. Recommended: one 60-watt. Finish: Black on Solid Aluminum with Solid Brass Trim.

**S. SL-717** Wall bracket in sparkling clear crystal glass with ribbed center. Handsome black top and bottom set off by gleaming polished solid brass top and bottom knobs. Height, 11"; extends 6". Recommended: One 100-watt. Finish: Black on Rust-resistant Alloy, Brass Trim.

**T. SL-718** Gay contemporary wall bracket of white bent glass with a perky black shade and solid brass top knob. Height, 7 $\frac{1}{2}$ "; width, 5 $\frac{1}{2}$ "; extends 6 $\frac{3}{4}$ ". Recommended: one 60-watt. Finish: Black on Solid Aluminum with Solid Brass Trim.

# INSPIRATIONAL LIGHTING FOR THE BEDROOM OR KITCHEN

**T**oday's home calls for a new approach to lighting!

You will want both good general illumination and decorative localized lighting. Use an imaginative combination of fixtures — with each adding its own magic for maximum lighting effect.

You'll find here lighting ideas to meet your every need . . . to make your bedroom soft as a gentle lullaby or bright as a sunny summer morning. There are dozens of C & M fixture designs to enhance period or modern decorating schemes — to create the wonderful moods you want . . . whenever you want them.

SMART LIGHTING UNIFIES KITCHEN-FAMILY ROOM

Contemporary ceiling and under-cabinet lights make work area bright. Handsome cones above breakfast bar wed fashion to function, create nice transition to reading area, well-lighted by trim adjustable pull-down.

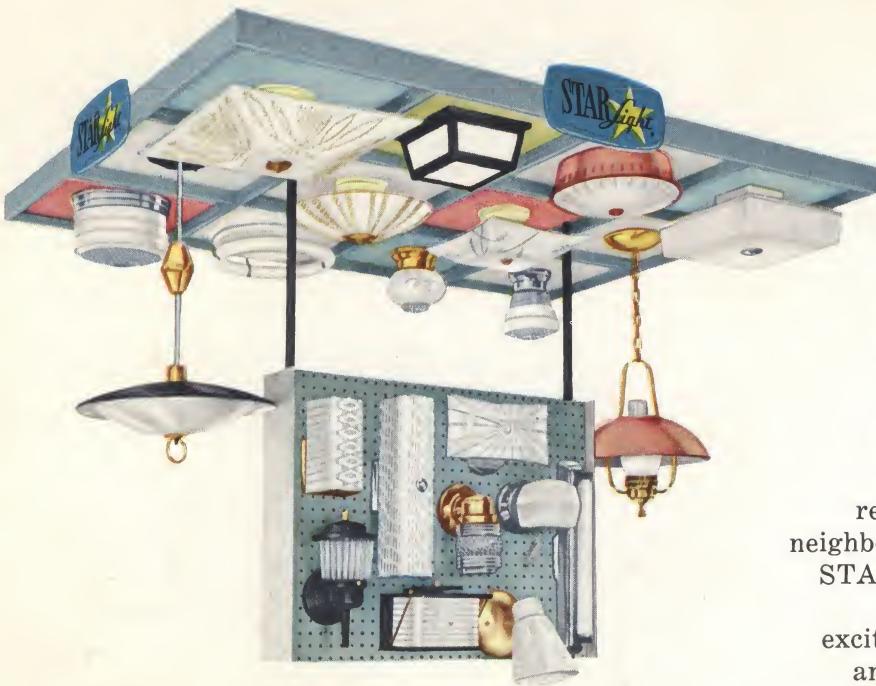

CHARMING SETTING FOR A JUNIOR MISS

Accentuate a gay, romantic mood with decorative lighting. Valance lighting highlights treasured keepsakes — gives excellent light for reading. Chandelier enhances traditional theme, gives perfect over-all light. Matching wall bracket adds a delightful accent.

VERSATILE, INVITING GUEST ROOM

Mount a modern pull-down on Moe Light ceiling track for mobile use and versatility. Provides reading light over studio beds — moved to right it lights desk. Use it raised for over-all illumination. Adjustable pole light beside easy chair is smart, practical.

## STAR Light Fixture Displays and Showrooms

### *Magic Wonderlands of Decorative Home Lighting*

So you're building a new home . . . or planning to give your present home a new look by remodeling it . . . or simply by redecorating it with light. Then come to the neighborhood lighting center featuring this colorful STAR Light display. You'll see all the latest styles and types of lighting fixtures . . . you'll get exciting new ideas for decorating with light . . . and you'll find the help you need in making the right selection of new lighting fixtures for your home.
